Mrs. James Blake Of Polk Street, A Suicide At Her Home Today

Leaves Family Washing To Take Acid Which Caused Her Death Soon After Arrival Of Physician

HAD BEEN IN ILL HEALTH FOR SOME TIME

Mrs. James Blake, lies dead at her home on Polk street, in the Second ward as the result of a draught of carbolic acid taken either in mistake or with suicidal intent.

Mrs. Blake was about 59 years of age and had been in impaired health for some time. She was about her household duties as usual this morning and appeared to be in her usual spirits when her husband left for his work at the Clearfield clay working plant this morning.

She was about half through with her weekly washing when she went to the cupboard and securing a two

ounce bottle gulped down sufficient of the fiery acid to cause her death in a few minutes. The fiery draught was taken about 11 o'clock and her death occurred at 11:30.

Dr. L. C. Rowles was summoned by her daughter and was promptly on the scene but his efforts were unavailing.

It is said that Mrs. Blake had been possessed of a suicidal mania for some time and had attempted self destruction several times previously.

She is survived by her husband, four sons and a daughter, all residing in Clearfield.

Pair Narrowly Escape Death Under Train

Pennsylvania Passenger Kills Horse And Wrecks Buggy Last Night

The Pennsylvania passenger train which arrives here at 10:40 p. m. struck a horse and buggy at Bridge street crossing last evening and besides instantly killing the horse smashed the buggy up generally.

The rig belonged to Edgar Roseberry, who recently purchased the Wallace farm on the Mt. Joy ridges from Guy Halsey. Mr. and Mrs. Roseberry had been visiting relatives in the Fourth Ward and were on their way home when the accident occurred.

In coming down Bigler avenue hill the limousine at the corner near the foot of the hill hides any view of a train approaching the station from toward Tyrone and as a result Mr. Roseberry drove his horse onto the track fairly in front of the oncoming train. The horse was squarely on the track when the engine struck him and only the fact that the engine man shut off his power preparatory to stopping at the station saved the buggy and its occupants from being thrown under the grinding wheels of the locomotive.

The horse was shoved along the rails in front of the train for a distance of fifty feet and was almost cut in two by the locomotive's wheels.

Mr. and Mrs. Roseberry fortunately were able to jump from the rig about the time the train struck them and escaped injury although they suffered severely from the shock incident to the dreadful happening and their near approach to death.

The side curtains were up on the buggy and this further impeded the view of the driver and as a result they never saw the train until it was right on top of them.

Government Pier At The Soo Is Blown Up

Authorities Find The Explosion To Have Been Accidental

Sault Ste. Marie, Mich., May 16.—An explosion today on the government pier in the St. Mary's river which instantly killed four men and probably fatally injured three others was due to accidental causes and was not the work of dynamite. An investigation was started immediately after the explosion by military and civil authorities. The great Soo locks, vital to the transportation system of the country, escaped damage.

The men killed were: Mortimer Cook, a coast guard employee, John Smith a tanner and two unidentified men, one a sailor. The explosion rocked the entire city and caused considerable damage. Unexploded dynamite caps found on the pier after the explosion caused the spread of the rumor that the explosion was the result of plots.

General Petain Makes Appeal For U. S. Aid

Wants American Volunteers Sent To France Without Further Ado

New York, May 16.—General Petain, new commander of the French armies, appealed for American volunteers to be sent immediately in an interview with Whitney Warren, noted architect, published in the New York Times today. Asking for volunteers, Petain said, "the first should be organized as a French unit but respecting the autonomy of America. It is understood that it is morally necessary that they fight under their own flag, but there is also necessity for a part to fight with the French forces for instructions in order to get quick and better results."

Petaim pointed out that this volunteer unit can later be used as a skeleton organization for the big American army.

Have You Seen This Chubby Faced Lad?

The above is a likeness of Arthur Caldwell who is lost, presumably on the mountains near Rocketon.

The picture from which this cut was made, was a school picture and for that reason it is rather dim. The likeness is very good, however, as the picture was taken this spring before school closed.

The disappearance of the Caldwell lad brings to mind the disappearance of two young sons of John Ogden in Goshen Township over twenty years ago. Mr. Ogden lived in Goshen township between Big and Little Trout Run about one half mile from the William Graham mill. The two boys, Clyde now living in Clearfield and Lloyd, were lost for two days and two nights. It was in the month of May and both boys were in their bare feet but the weather that May was not so severe as this year. Hundreds searched the mountains for the lads and they were finally found laying over a log, utterly exhausted. They had wandered in almost a straight course to the point of Winters Ridge almost seven miles from their home and thought they were going in the direction of home. According to available information, Grant Caplier first came on the lads on a Saturday afternoon. They were carried to the Krise farm where they were given nourishment and from that point conveyed to their home in a buggy. One of the lads was much younger than the Caldwell boy and this leads to the belief that young Caldwell might have gone a greater distance from home. The searchers for the Ogden boys were guided by finding their foot prints at the point where they had crossed Roberts Run.

SUFFRAGE GAINS POINT

(By United Press)

Washington, May 16.—President Wilson, has asked Chairman Pou of the House committee on Committees to appoint a special committee on Woman Suffrage.

Woman Suffrage workers have been fighting for years for such a committee.

President Wilson's letter was written at the instigation of Mrs. Carrie Chapman Catt, of New York, and Mrs. Helen Gardner, of Washington, D. C.

The President said he heartily approved of such a committee and felt that it "was a very wise move of public policy." It could not be learned at the House whether Miss Jeanette Rankin would be considered as an appointee to the committee.

WILL RAISE A FLAG

The teacher pupils and citizens are arranging for a flag raising at the Glen Richey grammar school just as soon as the flag, which has already been ordered can be secured. A fitting program has been prepared for the flag raising and proper patriotic celebration will be the result when the flag arrives.

RUSSIA GETS 100 MILLION

Washington, May 16.—The United States government today loaned \$100,000,000 to Russia.

ADMIT LOSS OF L-22

Amsterdam, May 16.—Official admission that the zeppelin L-22 has been missing since Monday was made in Berlin dispatches today. The L-22 was destroyed in the North sea by a British patrol vessel according to a British admiralty statement on Monday.

COUCH STORY A FAKE

Washington, May 16.—Publication of a report purported to come from the Swiss foreign office that Mrs. Kerina Couch, of St. Francisville, Ill., had been shot in Germany as a spy, was branded here today as a fake by Swiss minister Rittler.

Being alone up there in the list of battling engines must cause Ty Cobb to feel lonesome for the companionship of a team mate.

They may be known as Pirates, but as they are the only team in the National league they pull over a barrel to the late United States.

GARDNER QUILTS CONGRESS TO TAKE ARMS

Speaker Clark Read His Resignation From The Chair While House Rings With Cheers

MEMBER OFFICERS RESERVE

(By United Press)

Washington, May 19.—Representative Gardner, of Massachusetts, prominent preparedness advocate was the first member of congress to offer his services to the United States as a soldier. His resignation to Congress was announced today. Gardner is a member of the officer's reserve corps. Gardner's resignation to Speaker Clark read from the Speaker's chair is as follows:

"Having been ordered to begin active duty as a member of the officer's reserve corps of the United States army I have the honor to state that I have this day transmitted to the Governor of Massachusetts my resignation as a representative in Congress." Gardner was a colonel in the old officers' reserve corps.

RECRUITING NEWS

(By United Press)

Petrograd, May 16.—The provincial government decided today to reject the terms under which the Soldier's and Workmen's Council approved a coalition in the new government. The Council insisted that certain parts of the foreign policy was dissatisfactory. The provincial leaders held that the government cannot renounce the provincial formal announcement made on April 9, which was practically made necessary for the full acceptance of the Council's leaders. The division leaves the Russian situation once again wide open.

The terms of the Council's acceptance were not made public. It was hinted however that the Council declared that Premier N. Milukoff, minister of foreign affairs must not appear in the reorganized cabinet. It was also declared that the Council desires certain agreements with the Allies renounced. The Duma government's rejection declared that it was impossible to expect Russia to renounce its principles enumerated on April 9.

James Dickey, Tom Partridge and "Shorty" Archers, well known Houtdale young men, went to Philadelphia this morning for the purpose of enlisting in the U. S. Marine corps.

We are informed by Captain Seovel of Company L, 18th regiment, N. G. P. stationed here with his company, that he has received permission to recruit eighteen men for the 18th Regiment and that he will open a recruiting office here at once. All recruits who present themselves will be examined here and if accepted by the local medical staff will then be sent to Pittsburgh for final enlistment.

Captain Seovel already has a list of twelve prospective soldiers and anticipates a rush from Clearfield and surrounding towns to fill up his quota.

Dr. Alvin E. Barber, with rank of First Lieutenant has been assigned to Company L and arrived in Clearfield last evening and has already taken up his quarters with Major Ayer and Capt. Seovel in the council room. Dr. Barber is a Pittsburgher. He will conduct the physical examination of the recruits.

Mrs. James Stephens, who is the son's, daughter and son-in-law, are spending the week at the home of Mrs. Blanch Stephens at the Clearfield Hotel.

Armed Auto Bandits Hold Up The Entire Village Of New Shaft

Pittsburgh, May 16.—Automobile bandits terrorized the little mining village of New Shaft near New Kensington early today. Two cars filled with armed men entered the town at three o'clock this morning and ransacked every house there. The villagers were aroused from their beds and compelled to turn over their valuables. The estimate was that over \$1,000 in cash and valuables worth several hundreds of dollars were taken. As the town is without police protection the robbers made an easy getaway.

Good News Received Today From All Camps Of The Allied Forces

German Offensive Work Out

London May 16.—Germany's counter offensive attack which started yesterday with concerted attempts against the French and British fronts has apparently worn itself out as it is weakening against the allies position. British troops in turn took the initiative particularly around Bullecourt and north of the Scarpe. Heavy fighting took place in both of these sectors.

British Regain Losses

By William Phillip Stames

With the British armies in the field—Despite determined resistance the British early today regained all the ground around Bullecourt which they lost yesterday and also extended their posts to the northwest of the village.

French Repulse Attacks

Paris, May 16.—Tremendous German attacks on a 2½ mile front near Moulin and Laux early this morning were repulsed by the French according to the French official statement. "Along the Aisne artillery fire was active, the statement said, despite the German's efforts the French extended their positions. Around Aubrives-Avocourt and Berry E. Kopf the German offensive also failed."

By John H. Hearley

Rome, May 16.—Italy's great offensive is gaining ground over a front of more than 25 to 30 miles. Italy's guns are roaring today while the infantry is advancing. Several Austrian prisoners were taken behind the lines according to word from the front today. The fighting was reported heavy ground Gorizia. Heavy losses were inflicted upon the enemy.

Russian Government Rejects Terms Of Soldiers And Workmen's Council

Pair Narrowly Escape Death Under Train

Pennsylvania Passenger Kills Horse And Wrecks Buggy Last Night

The Pennsylvania passenger train which arrives here at 10:40 p. m. struck a horse and buggy at Bridge street crossing last evening and besides instantly killing the horse smashed the buggy up generally.

The rig belonged to Edgar Roseberry, who recently purchased the Wallace farm on the Mt. Joy ridges from Guy Halsey. Mr. and Mrs. Roseberry had been visiting relatives in the Fourth Ward and were on their way home when the accident occurred.

In coming down Bigler avenue hill the limousine at the corner near the foot of the hill hides any view of a train approaching the station from toward Tyrone and as a result Mr. Roseberry drove his horse onto the track fairly in front of the oncoming train. The horse was squarely on the track when the engine struck him and only the fact that the engine man had shut off his power preparatory to stopping at the station saved the buggy and its occupants from being thrown under the grinding wheels of the locomotive.

The horse was shoved along the rails in front of the train for a distance of fifty feet and was almost cut in two by the locomotive's wheels. Mr. and Mrs. Roseberry fortunately were able to jump from the rig about the time the train struck them and escaped injury although they suffered severely from the shock incident to the dreadful happening and their near approach to death.

The side curtains were up on the buggy and this further impeded the view of the driver and as a result they never saw the train until it was right on top of them.

Government Pier At The Soo Is Blown Up

Authorities Find The Explosion Must Have Been Accidental

Sault Ste. Marie, Mich., May 16.—An explosion today on the government pier in the St. Mary's river which instantly killed four men and probably fatally injured three others was due to accidental causes and was not the work of dynamiters. An investigation was started immediately after the explosion by military and civil authorities. The great Soo locks, vital to the transportation system of the country, escaped damage.

The men killed were: Mortimer Cook, a coast guard employee, John Smith a teamster and two unidentified men, one a sailor. The explosion wrecked the entire city and caused considerable damage. Unexploded dynamite eggs found on the pier after the explosion caused the spread of the rumor that the explosion was the result of plots.

Ha! Pigs Or No Pigs, That Is The Question

Which Rises Once More To Confront Council

In an effort to combat the high cost of living a number of Clearfield citizens expect to petition council tonight to have the bars let down on the pig question. That is council will be asked to sanction a suspension of the board of health's rule allowing the keeping of fourlegged pigs within the borough limits, when it is possible for the property owner to so locate his pig sty that the aroma therefrom will not offend the delicate olfactory nerves of the neighbors in his block.

This hog question is being agitated in many communities and from reports from many towns throughout the state the "squeal of the dying pig" will soon be heard in the land generally.

The argument of the hogologists is to the effect that in the outlying or thinly settled parts of town it is possible for pigs to be raised with as little dirt or danger of disease therefrom as is to be expected from an up-to-date sanitary yeow stable, and as many families could raise a pig or two mainly from the daily scraps and slops about the house (not the kind the neighbors hear) they should be given this opportunity of cheaply supplying the family larder with ham and bacon which is now retailing at from 30 to 35 cents per pound.

The justice of their claims is being admitted by many of the piggies bitter enemies in the past and if a solution of the difficulty can be worked out by council satisfactory to the public larder and the public health all will be well and the community will rise up as one man and call down blessings on the heads of our wise borough dads.

"MAYOR" COX ON THE JURY

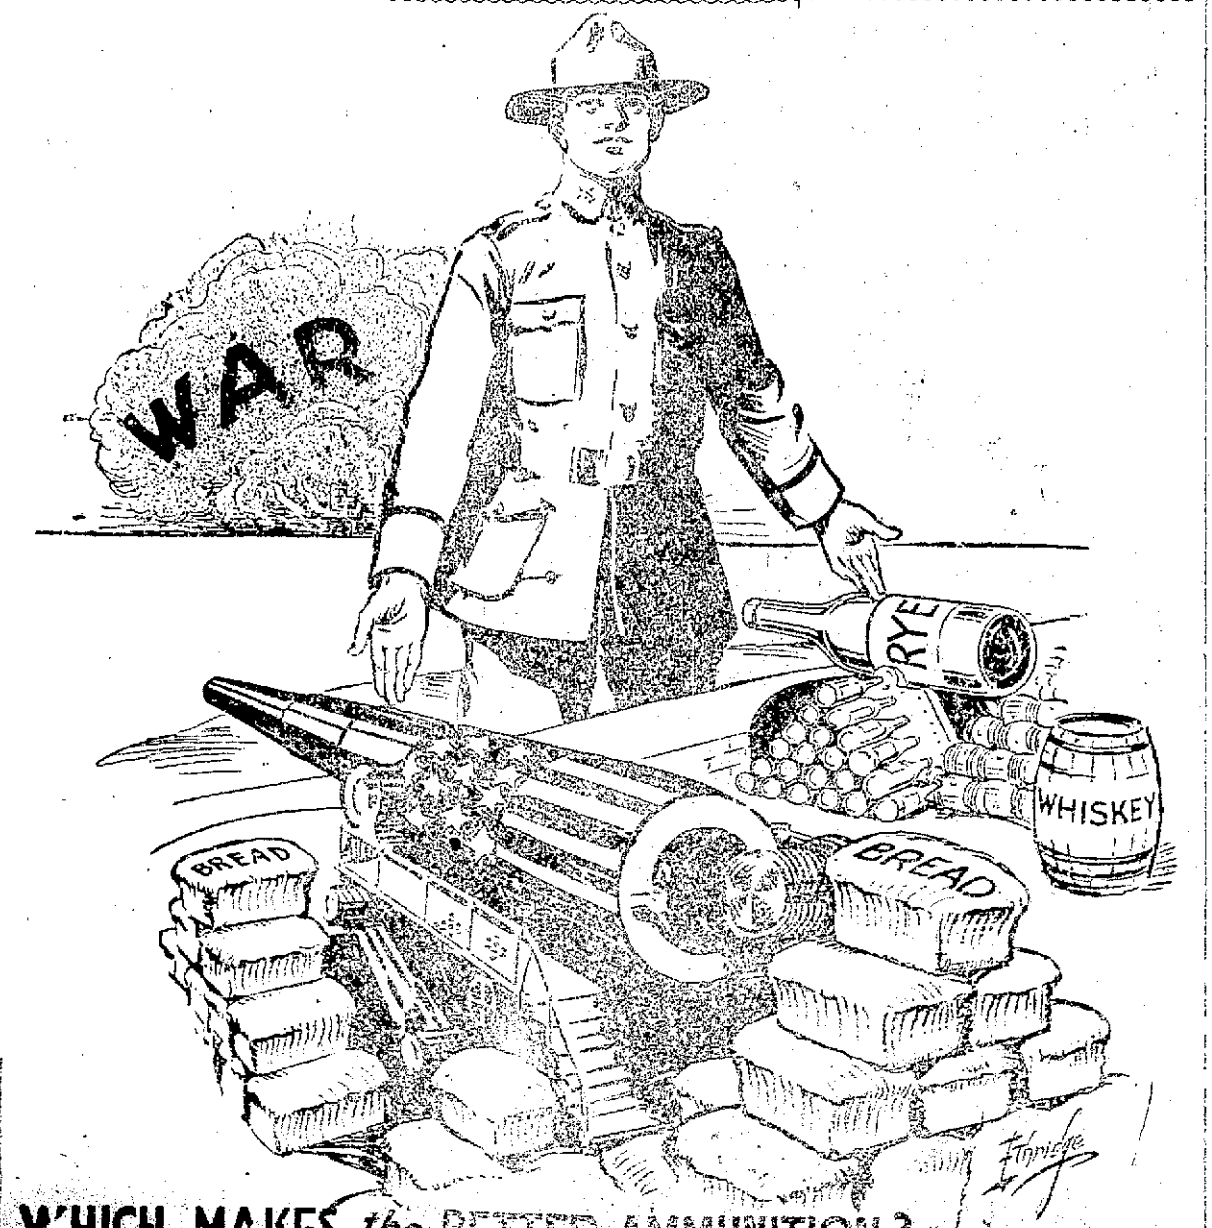

Theo Cox, "the Mayor" of Glen Richey, served very acceptably as a juror while in town this week. He tried to be excused on the ground that he feared the street car employees in his bailiwick might go on strike during his absence, but when he said Bill Batchelor as chief of the department of public safety was in command of the situation, the "Mayor" was forced to serve. He told us today that not a street car wheel has turned in the town since he left, however.

MASHED A FINGER

William Smith, of the Fourth Ward who was assisting in the dismantling of the old steam power house of the Penn Public Service company on their Cherry street property, had the middle finger of his left hand badly mashed when he got it caught under a heavy piece of iron yesterday afternoon.

KNIGHT'S OF COLUMBUS EUCIRE POSTPONED

The eucire to have been held in the K. of C. rooms this evening has been postponed for a few days. Moving pictures were a part of the evening's entertainment and as the machine failed the affair will not be held until early date.

WEDNESDAY EVENING, MAY 16, 1917

The season of High School plays is upon us.

Of course you are going to take the boy to the circus.

Do your bit for good roads by going to DuBois tomorrow night.

Secretary Patton wants Pennsylvanians to raise fish. Some fishermen we know will get more that way than any other way we know of.

The Kaiser has retained an American dentist to repair his molars. It is evident that he realizes that he has some hard nuts to crack.

The disappearance of the little Rockton lad remains as much a mystery as ever. Every clue is being run down but as yet there has been nothing developed that would add the slightest suggestion as to the present whereabouts of Arthur Caldwell.

The Progress has had a great deal to say about speeding recently and while we are averse to drumming so much on the same subject we believe it will be better to inflict an almost daily message on the subject than to permit it until a disastrous accident requires us to spill much good ink in headlines.

The work of widening the Narrows between Clearfield and Curwensville has been held up. The dangerous condition of the road at that point makes it imperative that something be done at once to make it possible to go on with the work already started. We are not in position to say what should be done but there surely is some way to have it completed at once.

Keep business moving. The nation cannot afford to stand still for a minute. Prices of the necessities of life are at such a figure that the laboring man must have employment six days per week. Money must be kept in circulation if we are to continue having prosperity in Clearfield county. When one man retrenches, others must follow suit, and finally the result of one man leaning on the hoe handle of business is apparent throughout the whole community. Keep business moving.

The DuBois Express states that there is enough flour hoarded in DuBois to last two years and that in ordinary times this is what might be called thrift, but today it is called greedy selfishness. It would indeed be a fine thing to have that much flour in sight at this time provided the distribution would be equal but as it now stands the chances are that most of it is held by those who are holding it only in the hope that the price will go soaring and they can unload at the expense of the poorer man who can not buy in quantities. Buying for hoarding creates a false balance in the law of supply and demand and has its effect in inflating the prices at the present time.

THE PATRIOTISM OF KARTHAUS

Karthaus is doing her bit in fine shape. Yesterday seven of her young men left for DuBois to enlist for service to Uncle Sam. The little hamlet down the river is to have a share in the glory of wiping Kaiserism from the world and in taking advantage of her opportunity in such a way she is setting a lesson to more thickly populated communities.

The Result of Thrift--- INDEPENDENCE

The practice of thrift is financial preparedness. When the opportunity offers to make a profitable investment, the man who has the Thrift Habit is ready to take advantage of it.

You sign your personal "Declaration of Financial Independence" when you start to practice Thrift with the WILL to make it a life habit.

It is in your own hands. Will you be independent; or will you be one of the 90 per cent who are dependent on others in their old age?

Let us help you to become financially independent.

Professional at Clearfield, Tuesday, June 26.

Section 1202 of the School Code provides that every teacher employed to teach in the public schools of this Commonwealth be a person of good moral character and must be at least eighteen years of age. Applicants attending Summer School should take the examination at the close of their school. Persons attending schools outside of the county may enter the class most convenient for them. For Provisional Certificates the examination in Pedagogy will be based on Lincoln's "Everyday Pedagogy" and "The Study of Nature" by Schmucker.

Each applicant on entering the class will give the Superintendent a self-addressed, stamped envelope, accompanied with a recommendation of good moral character.

Teachers whose certificates average 1.4 and who present testimonials from their Boards of Directors certifying that they have taught two successful terms of school are eligible to enter the Professional Examination. Two books in Pedagogy are required selected from a list suggested by the State Superintendent, a list of which will be found in the Institute Annual. Select two books in which you have not been previously examined. For the renewal of Professional Certificate Elementary Botany and English Literature will be required, and two extra books in Pedagogy in which you have not been previously examined. The announcement for the renewal of Professional Certificate is also found in the Institute Annual. This examination will be held on June 26th.

A professional spirit, progressive scholarship and the ability to teach effectively are necessary qualifications to merit a Professional Certificate. Examinations begin at 9:00 A. M.

DER KAISER'S PRAYER

Mein Gott, will You mein pardner be?
You don't know who I am?
Ich bin der German Kaiser,
Der Emperor Well I am.

You know I whipped dem Belgians,
Unt mit bullets filled Russia full,
Unt I'll whip rance unt Italy,
Unt plov up Johnny Bull.

For all dem odder Nations,
I wouldn't giff a Damm,
If you'll chust be mein pardner,
Unt I'll whip dot Unkel Sam.

You know I got dem submarines,
All Europe knows dot vell,
But Edison's got a patent, now,
Dot plows dem all to Hell.

Now Gott, if you do dis for me,
Den you, I vill always luff,
Unt I'll be Emperor of de Earth.
Unt YOU be EMPEROR ABUFF.

But Gott, if you refuse me dis,
Tomorrow night, at Teffen,
I'll call mein Zeppelins all out
Unt declare Var on Heffen.

I wouldn't ask dis all from you,
But it iss plainley seen,
Venn Edison pushes dot button,
I got no submarines.

A GOOD FRIEND

A good friend stands by you when in need. Clearfield people tell how Doan's Kidney Pills have stood the test. Mrs. Condon endorsed Doan's over four years ago and again confirms the story. Could you ask for more convincing testimony?

Mrs. M. M. Condon, 206 Meind St., Clearfield, says: "I had a very lame back and suffered for a long time from distressing backaches. It hurt me awfully to stoop or lift and I couldn't rest at night. My kidneys bothered me greatly also. Doan's Kidney Pills relieved the lameness in my back and regulated the action of my kidneys." (Statement given on June 28, 1912.)

No Trouble Since

On December 7, 1915, Mrs. Condon said: "I have had no kidney trouble at all lately and feel confident that Doan's Kidney Pills have cured me." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the best. Mrs. Condon has it.

Endurance—the Supreme Tire Quality

United States Tires have proved that they have that supreme quality,

- that miles are packed into their structure the way endurance is packed into steel.
- A vast number of the motoring public know that by experience,
- and they have answered in the only way that the buying public can answer,
- by giving United States Tires tremendous sales increases,
- sales increases that are vastly greater than even the sensational increase in the number of automobiles this year over last.

CURWENSVILLE

Mrs. Joseph P. Robinson celebrated her seventy-fifth birthday last Monday by entertaining in her home at six o'clock dinner her neighbors Charles A. Rorabaugh and wife, also Miss Carrie Dyer it being also her birthday. During the evening many friends called to bid Mrs. Robinson godspeed at the beginning of her seventy-sixth annual journey.

Mrs. Frank Snook was up from Clearfield yesterday.

Mrs. Ben Moore gave a surprise party for her daughter Verna on Monday night, the occasion being her 9th birthday.

Mrs. Melinda Whitaker was taken to the Clearfield hospital for treatment.

Mrs. Rachael Evans, of Scranton, is visiting her sons, Thomas Evans, of Patton addition, Albert of Irvin Hill and daughter Mrs. Blake Bloom, of near the Pee Wee's Nest.

Mr. and Mrs. Scott McFadden were entertained at dinner at the home of Mr. and Mrs. George Rafferty in Grampian Monday evening. The occasion being Mr. and Mrs. McFadden's thirty-fifth wedding anniversary.

The tramp arrested on Monday was taken to the county jail where he will likely have the pleasure of working out his "taxes."

The Curwensville High baseball team was handed a drubbing on Saturday when they ran up against the team of the Clarion State Normal. The game was played at the Normal grounds at Clarion before a large crowd of enthusiastic students. The weather was cold and wholly unfit for good baseball.

Curwensville started in the first inning to make things sing by making three clean hits. Clean fielding by Clarion prevented scoring. C. H. S. scored the first run of the game in the second. For the first few innings Curwensville played brilliantly, making dazzling stops, throws and catches. Robinson's catch back of second brought everybody to their feet cheering.

In the latter part of the game both teams played erratic ball. Eleven errors were made by both sides. Humphries was wild and cut loose with several wild pitches while the basemen had difficulty in locating each other. This was perhaps the worst fielding game played by the team in the last two years. The playing in general can be excused because, owing to the bad weather, the team has had but three practices in the last two weeks.

Maxwell Owners Wrote This Advertisement

200,000 enthusiastic Maxwell owners in the world. The extracts from letters printed below are typical of what they all say:

Repair Expense 5c
Eight thousand miles—22 1/2 miles to the gallon—one set of tires. Repair expense, 5c. I am satisfied.—L. Falls, 6208 University Ave., Chicago, Ill.

All Kinds of Power
My car has all kinds of power. We have up to 45 per cent. grades around here and it is seldom I have even to shift gears. I have had no trouble and no expense other than for gas and oil.—A. D. Christianson, Hendricks, Minn.

11,780 Mountain Miles
My Maxwell has gone 11,780 miles wherever the track of any car has been around these mountains. I got 9,000 miles on my tires and about 22 miles to the gallon. No trouble or repairs, whatever.—F. C. Headley, Colorado Springs, Colo.

Climbs Any Hill
I run about 22 miles to the gallon. My car never fails to start, has never been in a garage for repairs, and has never failed to climb any hill. I can't say too much for the Maxwell.—H. W. Lacey, Hurley, New Mexico.

15,200 Miles—No Repairs
Have driven my Maxwell car 15,200 miles—average 26 1/2 miles to the gallon. Have not had any repair expense. My car is the best on the market at the price.—Oscar L. Yoder, Chickasha, Okla.

These extracts are but a very few of many thousands of letters from Maxwell owners. What the Maxwell has done for these motorists, it will do for you—because the Maxwell is built right—of only the best materials, on sound, sane, time-tried lines of construction.

THAW WILL BE TAKEN TO KIRKBRIDES

Philadelphia, Penna., May 16.—The notorious Harry K. Thaw, slayer of Stanford White will be removed from St. Mary's hospital where he has been recuperating from self-inflicted razor wounds to the Pennsylvania hospital for the insane in West Philadelphia. President Judge Martin signed the order in Common Pleas Court this afternoon after counsel for Mrs. Thaw, Harry's mother, filed a petition asking that he be removed there. They probably intend the remainder of the days in the institution, leaving Thaw as the Kirkbrides, Governor Frankhauf having refused to extradite him to New York for trial on charges of slaying Frederick Gump, Jr.

"THE REVOLT"

Special at The Globe Today

There is always a battle raging between the real and false in us—that part which keeps us contented in moderate surroundings and fills us with love for all creation, and that other part which eternally labors toward the destruction of good in us. But one day comes the crisis, and that we call "The Revolt."

Those who have to do with the big problems of life and those who are familiar with the battle between sexes know that the revolt will come to all; and when it does, though the baser side sometimes conquers, the world is better for the revolution.

This fact was proven in the life of Anna Biddle, the wonderful little character made famous by Helen Ware in this most successful Broadway production.

"The Revolt" is a big story, and unlike the usual run of plays. It has a punch in every scene, excellent photography and splendid night effects that are extraordinary in the photo drama.

O'BRIEN MAKES HIT IN ESSAY LEADS

Eugene O'Brien, who plays opposite Edna Mayo in "The Chaperon," is the same leading man as in "The Return of Eve," another Essay success. Mr. O'Brien is best known for his big parts on the stage, although his recent entrance into pictures has proven him to be a favorite among photoplay patrons.

He scored a hit in his last stage production, "The Ohio Lady," in which he was the star. "The Chaperon" is a fast running comedy-drama in five acts, taken from Maxine Elliot's stage hit.

AMERICA—1917

God of all worlds, to Thee,
Spirit of Unity,
To Thee we pray.
Grant us the vision clear,
Save us from hate and fear,
Help us Thy word to hear;
Thine be "The Day!"

Peace and on earth good will!
In this quest may we still
Face martyrdom,
If we must die to save,
Thus the reward we crave
Victory beyond the grave;
Thy Kingdom Come!

Let us go forth to fight,
Our faces toward the light,
Our flag unfurled,
Not for ourselves alone,
Not to save State or throne,
But to give Thee Thine own;
God save The World!

These new words for the anthem "America" have been published by the Committee of Public Safety. While it is not of course intended to displace the well known words of "My Country 'Tis of Thee," it is thought that this 1917 version, expressing the crusading spirit of the present war, may be used by church gatherings and patriotic meetings generally. For such use the Committee's Philadelphia headquarters will supply the verses printed on cards beneath the Red Cross flag and the Stars and Stripes in colors.

Poland Waiting For She Knows Not What

Caught Between Two Foes She Can But Hope For Best

By Lowell Mellett

(United Press Staff Correspondent)

London, April 20.—(By Mail)—The ancient kingdom of Poland just now presents the attentive attitude of the mouse that waits to see which way the cat will jump.

It might be possible to express the situation in a more pleasant way, but the expression is that of Dr. Leon Litwinski, spokesman for the Poles in London. Poland, first caught in the mangle of the Russian advance and German retreat and then in the mangle of the German advance and Russian retreat, probably has suffered as greatly as any country of Europe, not including Belgium or Serbia. A million and a half of her sons have been enrolled as belligerents, 900,000 in the Russian armies and 600,000 in the German and Austrian armies.

But Poland's position in present Weltolitik is that of desperate neutrality. Both Germany and Russia have promised her much. Poland wants to cash one of those promises. Of the two, Russia offers the more—a complete independence. But there is this drawback, Dr. Litwinski explained. Russia is promising independence to territory occupied by German troops.

And there is more or less of a string attached to Germany's proposal, which is a completely reunited Poland with its own local government, under the wing of the German Empire, somewhat like Bavaria. The string is the unrelenting emphasis on the suggestion that Poland raise an army of her own against Russia.

"A reunited Poland would be a great betterment of our before-the-war situation," said Dr. Litwinski, "but what we want of course, is both a reunited and an independent country. We have been immensely encouraged by the proclamation of the new Russian government, though previous Russian assurances, naturally, did not impress us very much."

"Do you consider that President Wilson's mention of Poland in his discussion of possible peace terms has had effect?"

"Oh colossal!" exclaimed Dr. Litwinski. "Colossal!" echoed Dr. George de Schweichowski. "Colossal, colossal!" repeated the other Poles in the room.

"It was this war," said Dr. Schweichowski. "There's been a lot of generalizing about the small nations and there's been some mention of Belgium and Serbia, but beyond that nobody has ever gone. The case of Poland has been handled very gingerly. There has been the fear, perhaps, that it might be necessary to do a lot of compromising when it came to settle Poland's case. President Wilson left no room for doubt, so far as he was concerned; he declared it should be a reunited, autonomous, independent Poland! Now we know where we've got one real friend."

"Suppose it becomes an independent Poland, will it be a republic or a monarchy?"

"That is now uncertain. Hitherto the Poles have had in mind a new Kingdom of Poland. But monarchies seem to be going out."

"If our independence comes through Russia, where the democratic ideal has taken a real hold undoubtedly the disposition would be to make Poland a republic. If through Germany, a limited monarchy would seem most likely—unless there is a decided change in Germany in the

DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

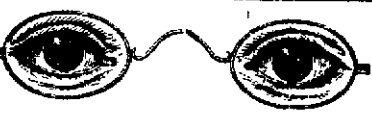

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, and if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxin from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphate hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water

Mrs. James Blake Of Polk Street, A Suicide At Her Home Today

Leaves Family Washing To Take Acid Which Caused Her Death Soon After Arrival Of Physician

HAD BEEN IN ILL HEALTH FOR SOME TIME

Mrs. James Blake, lies dead at her home on Polk street, in the Second ward as the result of a draught of carbolic acid taken either in mistake or with suicidal intent.

Mrs. Blake was about 59 years of age and had been in impaired health for some time. She was about her household duties as usual this morning and appeared to be in her usual spirits when her husband left for his work at the Clearfield clay working plant this morning.

She was about half through with her weekly washing when she went to the cupboard and securing a two

ounce bottle gulped down sufficient of the fiery acid to cause her death in a few minutes. The fiery draught was taken about 11 o'clock and her death occurred at 11:30.

Dr. L. C. Rowles was summoned by her daughter and was promptly on the scene but his efforts were unavailing.

It is said that Mrs. Blake had been possessed of a suicidal mania for some time and had attempted self destruction several times previously.

She is survived by her husband, four sons and a daughter, all residing in Clearfield.

Pair Narrowly Escape Death Under Train

Which Rises Once More to Confront Council

The Pennsylvania passenger train which arrives here at 10:40 p. m. struck a horse and buggy at Bridge street crossing last evening and besides instantly killing the horse smashed the buggy up generally.

The rig belonged to Edgar Roseberry, who recently purchased the Wallace farm on the Mt. Joy ridges from Guy Halsey. Mr. and Mrs. Roseberry had been visiting relatives in the Fourth Ward and were on their way home when the accident occurred.

In coming down Bigler avenue hill the limousine at the corner near the foot of the hill hides any view of a train approaching the station from toward Tyrone and as a result Mr. Roseberry drove his horse onto the track fairly in front of the oncoming train. The horse was squarely on the track when the engine struck him and only the fact that the engine man shut off his power preparatory to stopping at the station saved the buggy and its occupants from being thrown under the grinding wheels of the locomotive.

The horse was shoved along the rails in front of the train for a distance of fifty feet and was almost cut in two by the locomotive's wheels.

Mr. and Mrs. Roseberry fortunately were able to jump from the rig about the time the train struck them and escaped injury although they suffered severely from the shock incident to the dreadful happening and their near approach to death.

The side curtains were up on the buggy and this further impeded the view of the driver and as a result they never saw the train until it was right on top of them.

Government Pier At The Soo Is Blown Up

Authorities Find The Explosion To Have Been Accidental

Sault Ste. Marie, Mich., May 16.—An explosion today on the government pier in the St. Mary's river which instantly killed four men and probably fatally injured three others was due to accidental causes and was not the work of dynamite. An investigation was started immediately after the explosion by military and civil authorities. The great Soo locks, vital to the transportation system of the country, escaped damage.

The men killed were: Mortimer Cook, a coast guard employee, John Smith a tanner and two unidentified men, one a sailor. The explosion rocked the entire city and caused considerable damage. Unexploded dynamite caps found on the pier after the explosion caused the spread of the rumor that the explosion was the result of plots.

General Petain Makes Appeal For U. S. Aid

Wants American Volunteers Sent To France Without Further Ado

New York, May 16.—General Petain, new commander of the French armies, appealed for American volunteers to be sent immediately in an interview with Whitney Warren, noted architect, published in the New York Times today. Asking for volunteers, Petain said, "the first should be organized as a French unit but respecting the autonomy of America. It is understood that it is morally necessary that they fight under their own flag, but there is also necessity for a part to fight with the French forces for instructions in order to get quick and better results."

Petaim pointed out that this volunteer unit can later be used as a skeleton organization for the big American army.

Have You Seen This Chubby Faced Lad?

The above is a likeness of Arthur Caldwell who is lost, presumably on the mountains near Rocketon.

The picture from which this cut was made, was a school picture and for that reason it is rather dim. The likeness is very good, however, as the picture was taken this spring before school closed.

The disappearance of the Caldwell lad brings to mind the disappearance of two young sons of John Ogden in Goshen Township over twenty years ago. Mr. Ogden lived in Goshen township between Big and Little Trout Run about one half mile from the William Graham mill. The two boys, Clyde now living in Clearfield and Lloyd, were lost for two days and two nights. It was in the month of May and both boys were in their bare feet but the weather that May was not so severe as this year. Hundreds searched the mountains for the lads and they were finally found laying over a log, utterly exhausted. They had wandered in almost a straight course to the point of Winters Ridge almost seven miles from their home and thought they were going in the direction of home. According to available information, Grant Capler first came on the lads on a Saturday afternoon. They were carried to the Krise farm where they were given nourishment and from that point conveyed to their home in a buggy. One of the lads was much younger than the Caldwell boy and this leads to the belief that young Caldwell might have gone a greater distance from home. The searchers for the Ogden boys were guided by finding their foot prints at the point where they had crossed Roberts Run.

Washington, May 16.—President Wilson, has asked Chairman Pou of the House committee on Committees to appoint a special committee on Woman Suffrage.

Woman Suffrage workers have been fighting for years for such a committee.

President Wilson's letter was written at the instigation of Mrs. Carrie Chapman Catt, of New York, and Mrs. Helen Gardner, of Washington, D. C. The President said he heartily approved of such a committee and felt that it "was a very wise move of public policy." It could not be learned at the House whether Miss Jeanette Rankin would be considered as an appointee to the committee.

Asking for volunteers, Petain said, "the first should be organized as a French unit but respecting the autonomy of America. It is understood that it is morally necessary that they fight under their own flag, but there is also necessity for a part to fight with the French forces for instructions in order to get quick and better results."

Petaim pointed out that this volunteer unit can later be used as a skeleton organization for the big American army.

St. Francis Pupils Delight Audience

Have You Seen This Chubby Faced Lad?

The above is a likeness of Arthur Caldwell who is lost, presumably on the mountains near Rockett.

The picture from which this cut was made, was a school picture and for that reason it is rather dim. The likeness is very good, however, as the picture was taken this spring before school closed.

The disappearance of the Caldwell lad brings to mind the disappearance of two young sons of John Ogden in Goshen Township over twenty years ago. Mr. Ogden lived in Goshen township between Big and Little Trout Run about one half mile from the William Graham mill. The two boys, Clyde now living in Clearfield and Lloyd, were lost for two days and two nights. It was in the month of May and both boys were in their bare feet but the weather that May was not so severe as this year. Hundreds searched the mountains for the lads and they were finally found laying over a log, utterly exhausted. They had wandered in almost a straight course to the point of Winters Ridge almost seven miles from their home and thought they were going in the direction of home. According to available information Grant Copley first came on the lads on a Saturday afternoon. They were carried to the Krise farm where they were given nourishment and from that point conveyed to their home in a buggy. One of the lads was much younger than the Caldwell boy and this leads to the belief that young Caldwell might have gone a greater distance from home. The searchers for the Ogden boys were guided by finding their foot prints at the point where they had crossed Roberts Run.

GARDNER QUILTS CONGRESS TO TAKE ARMS

Speaker Clark Read His Resignation From The Chair While House Rings With Cheers

MEMBER OFFICERS RESERVE

(By United Press)
Washington, May 19.—Representative Gardner, of Massachusetts, prominent preparedness advocate was the first member of congress to offer his services to the United States as a soldier. His resignation to Congress was announced today. Gardner is a member of the officer's reserve corps. Gardner's resignation to Speaker Clark read from the Speaker's chair is as follows:

"Having been ordered to begin active duty as a member of the officer's reserve corps of the United States army I have this day transmitted to the Governor of Massachusetts my resignation as a representative in Congress." Gardner was a colonel in the old officers' reserve corps.

President Wilson's letter was written at the instigation of Mrs. Carrie Chapman Catt, of New York, and Mrs. Helen Gardner, of Washington, D. C. The President said he heartily approved of such a committee and felt that it "was a very wise move of public policy." It could not be learned at the House whether Miss Jeanette Rankin would be considered as an appointee to the committee.

The teacher pupils and citizens are arranging for a flag raising at the Glen Richey grammar school just as soon as the flag, which has already been ordered can be secured. A fitting program has been prepared for the flag raising and proper patriotic celebration will be the result when the flag arrives.

Armed Auto Bandits Hold Up The Entire Village Of New Shaft

Pittsburgh, May 16.—Automobile bandits terrorized the little mining village of New Shaft near New Kensington early today. Two cars filled with armed men entered the town at three o'clock this morning and ransacked every house there. The villagers were aroused from their beds and compelled to turn over their valuables. The estimate was that over \$1,000 in cash and valuables worth several hundreds of dollars were taken. As the town is without police protection the robbers made an easy getaway.

Good News Received Today From All Camps Of The Allied Forces

German Offensive Worn Out

London May 16.—Germany's counter offensive attack which started yesterday with concerted attempts against the French and British fronts has apparently worn itself out as it is weakening against the allies position. British troops in turn took the initiative particularly around Bullecourt and north of the Scarpe. Heavy fighting took place in both of these sectors.

British Regain Losses

By William Phillip Simms
With the British armies in the field—Despite determined resistance the British early today regained all the ground around Bullecourt which they lost yesterday and also extended their posts to the northwest of the village.

French Repulse Attacks

Paris, May 16.—Tremendous German attacks on a 2 1/2 mile front near Moulin and Laux early this morning were repulsed by the French according to the French official statement. "Along the Aisne artillery fire was active, the statement said, despite the German's efforts the French extended their positions. Around Aubriev-Avourt and Berry E. Kopf the German offensive also failed."

By John H. Hearley

Rome, May 16.—Italy's great offensive is gaining ground over a front of more than 25 to 30 miles. Italy's guns are roaring today while the infantry is advancing. Several Austrian prisoners were taken behind the lines according to word from the front today. The fighting was reported heavy ground Corina. Heavy losses were inflicted upon the enemy.

Russian Government Rejects Terms Of Soldiers And Workmen's Council

RECRUITING NEWS

By Wm. G. Shepherd
(City United Press)
Petrograd, May 16.—The provincial government decided today to reject the terms under which the Soldier's and Workmen's Council approved a coalition in the new government. The Council insisted that certain parts of the foreign policy was disastatutory. The provincial leaders held that the government cannot renounce the provincial formal announcement made on April 9, which was practically made necessary for the full acceptance of the Council's leaders. The division leaves the Russian situation once again wide open.

The terms of the Council's acceptance were not made public. It was hinted however that the Council declared that Premier N. Milukoff, minister of foreign affairs must not appear in the reorganized cabinet. It was also declared that the Council desires certain agreements with the Allies renounced. The Duma government's rejection declared that it was impossible to expect Russia to renounce the principles enumerated on April 9.

COUCH STORY A FAKE

Washington, May 16.—Publication of a report purported to come from the Swiss foreign office that Mrs. Karlina Couch, of St. Francisville, Ill., had been shot in Germany as a spy, was branded here today as a fake by Swiss minister Ritter.

Pair Narrowly Escape Death Under Train

Pennsylvania Passenger Kills Horse And Wrecks Buggy Last Night

The Pennsylvania passenger train which arrives here at 10:40 p. m. struck a horse and buggy at Bridge street crossing last evening and besides instantly killing the horse smashed the buggy up generally.

The rig belonged to Edgar Roseberry, who recently purchased the Wallace farm on the Mt. Joy ridges from Guy Halsey. Mr. and Mrs. Roseberry had been visiting relatives in the Fourth Ward and were on their way home when the accident occurred.

In coming down Bigler avenue hill the limousine at the corner near the foot of the hill hides any view of a train approaching the station from toward Tyrone and as a result Mr. Roseberry drove his horse onto the track fairly in front of the oncoming train. The horse was squarely on the track when the engine struck him and only the fact that the engine had shut off his power preparatory to stopping at the station saved the buggy and its occupants from being thrown under the grinding wheels of the locomotive.

The horse was shoved along the rails in front of the train for a distance of fifty feet and was almost cut in two by the locomotive's wheels.

Mr. and Mrs. Roseberry fortunately were able to jump from the rig about the time the train struck them and escaped injury although they suffered severely from the shock incident to the dreadful happening and their near approach to death.

The side curtains were up on the buggy and this further impeded the view of the driver and as a result they never saw the train until it was right on top of them.

Government Pier At The Soo Is Blown Up

Authorities Find The Explosion Must Have Been Accidental

Sault Ste. Marie, Mich., May 16.—An explosion today on the government pier in the St. Mary's river which instantly killed four men and probably fatally injured three others was due to accidental causes and was not the work of dynamiters. An investigation was started immediately after the explosion by military and civil authorities. The great Soo locks, vital to the transportation system of the country, escaped damage.

The men killed were: Mortimer Cook, a coast guard employee, John Smith a teamster and two unidentified men, one a sailor. The explosion wrecked the entire city and caused considerable damage. Unexploded dynamite eggs found on the pier after the explosion caused the spread of the rumor that the explosion was the result of plots.

Ha! Pigs Or No Pigs, That Is The Question

Which Rises Once More To Confront Council

In an effort to combat the high cost of living a number of Clearfield citizens expect to petition council tonight to have the bars let down on the pig question. That is council will be asked to sanction a suspension of the board of health's rule allowing the keeping of fourlegged pigs within the borough limits, when it is possible for the property owner to so locate his pig sty that the aroma therefrom will not offend the delicate olfactory nerves of the neighbors in his block.

This hog question is being agitated in many communities and from reports from many towns throughout the state the "squeal of the dying pig" will soon be heard in the land generally.

The argument of the hogologists is to the effect that in the outlying or thinly settled parts of town it is possible for pigs to be raised with as little dirt or danger of disease therefrom as is to be expected from an up-to-date sanitary yeow stable, and as many families could raise a pig or two mainly from the daily scraps and slops about the house (not the kind the neighbors hear) they should be given this opportunity of cheaply supplying the family larder with ham and bacon which is now retailing at from 30 to 35 cents per pound.

The justice of their claims is being admitted by many of the piggies bitter enemies in the past and if a solution of the difficulty can be worked out by council satisfactory to the public larder and the public health all will be well and the community will rise up as one man and call down blessings on the heads of our wise borough dads.

"MAYOR" COX ON THE JURY

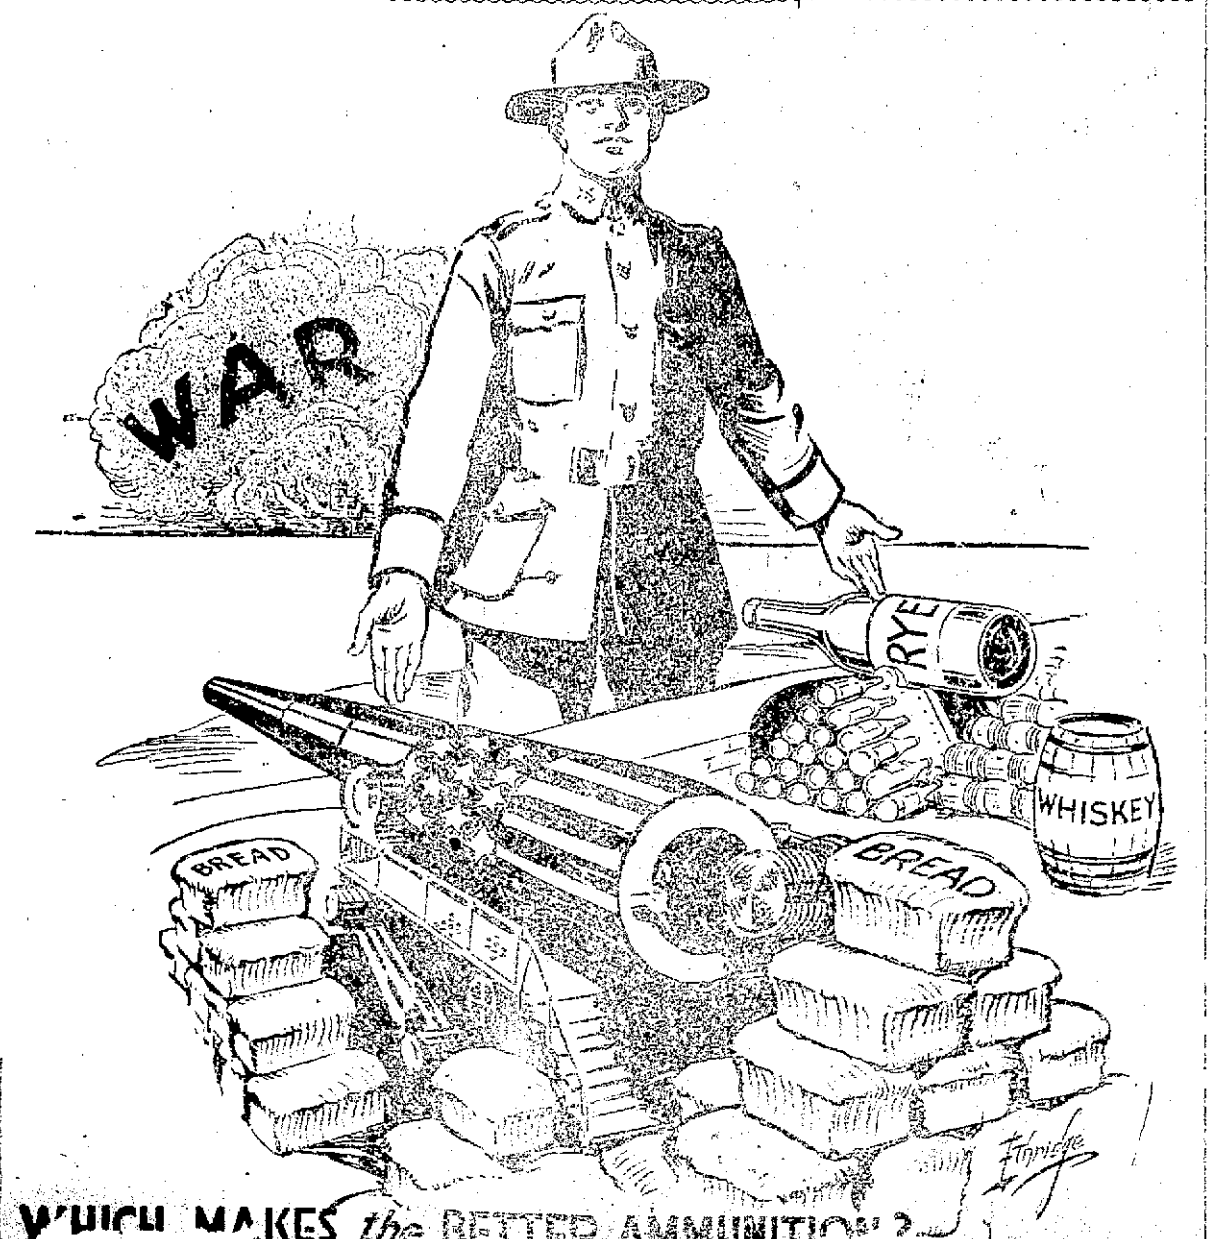

Theo Cox, "the Mayor" of Glen Richey, served very acceptably as a juror while in town this week. He tried to be excused on the ground that he feared the street car employees in his bailiwick might go on strike during his absence, but when he said Bill Batchelor as chief of the department of public safety was in command of the situation, the "Mayor" was forced to serve. He told us today that not a street car wheel has turned in the town since he left, however.

WEDNESDAY EVENING, MAY 16, 1917

The season of High School plays is upon us.

Of course you are going to take the boy to the circus.

Do your bit for good roads by going to DuBois tomorrow night.

Secretary Patton wants Pennsylvanians to raise fish. Some fishermen we know will get more that way than any other way we know of.

The Kaiser has retained an American dentist to repair his molars. It is evident that he realizes that he has some hard nuts to crack.

The disappearance of the little Rockton lad remains as much a mystery as ever. Every clue is being run down but as yet there has been nothing developed that would add the slightest suggestion as to the present whereabouts of Arthur Caldwell.

The Progress has had a great deal to say about speeding recently and while we are averse to drumming so much on the same subject we believe it will be better to inflict an almost daily message on the subject than to permit it until a disastrous accident requires us to spill much good ink in headlines.

The work of widening the Narrows between Clearfield and Curwensville has been held up. The dangerous condition of the road at that point makes it imperative that something be done at once to make it possible to go on with the work already started. We are not in position to say what should be done but there surely is some way to have it completed at once.

Keep business moving. The nation cannot afford to stand still for a minute. Prices of the necessities of life are at such a figure that the laboring man must have employment six days per week. Money must be kept in circulation if we are to continue having prosperity in Clearfield county. When one man retrenches, others must follow suit, and finally the result of one man leaning on the hoe handle of business is apparent throughout the whole community. Keep business moving.

The DuBois Express states that there is enough flour hoarded in DuBois to last two years and that in ordinary times this is what might be called thrift, but today it is called greedy selfishness. It would indeed be a fine thing to have that much flour in sight at this time provided the distribution would be equal but as it now stands the chances are that most of it is held by those who are holding it only in the hope that the price will go soaring and they can unload at the expense of the poorer man who can not buy in quantities. Buying for hoarding creates a false balance in the law of supply and demand and has its effect in inflating the prices at the present time.

THE PATRIOTISM OF KARTHAUS

Karthaus is doing her bit in fine shape. Yesterday seven of her young men left for DuBois to enlist for service to Uncle Sam. The little hamlet down the river is to have a share in the glory of wiping Kaiserism from the world and in taking advantage of her opportunity in such a way she is setting a lesson to more thickly populated communities.

The Result of Thrift--- INDEPENDENCE

The practice of thrift is financial preparedness. When the opportunity offers to make a profitable investment, the man who has the Thrift Habit is ready to take advantage of it.

You sign your personal "Declaration of Financial Independence" when you start to practice Thrift with the WILL to make it a life habit.

It is in your own hands. Will you be independent; or will you be one of the 90 per cent who are dependent on others in their old age?

Let us help you to become financially independent.

Professional at Clearfield, Tuesday, June 26.

Section 1202 of the School Code provides that every teacher employed to teach in the public schools of this Commonwealth be a person of good moral character and must be at least eighteen years of age. Applicants attending Summer School should take the examination at the close of their school. Persons attending schools outside of the county may enter the class most convenient for them. For Provisional Certificates the examination in Pedagogy will be based on Lincoln's "Everyday Pedagogy" and "The Study of Nature" by Schmucker.

Each applicant on entering the class will give the Superintendent a self-addressed, stamped envelope, accompanied with a recommendation of good moral character.

Teachers whose certificates average 1.4 and who present testimonials from their Boards of Directors certifying that they have taught two successful terms of school are eligible to enter the Professional Examination. Two books in Pedagogy are required selected from a list suggested by the State Superintendent, a list of which will be found in the Institute Annual. Select two books in which you have not been previously examined. For the renewal of Professional Certificate Elementary Botany and English Literature will be required, and two extra books in Pedagogy in which you have not been previously examined. The announcement for the renewal of Professional Certificate is also found in the Institute Annual. This examination will be held on June 26th.

A professional spirit, progressive scholarship and the ability to teach effectively are necessary qualifications to merit a Professional Certificate. Examinations begin at 9:00 A. M.

DER KAISER'S PRAYER

Mein Gott, will You mein pardner be?
You don't know who I am?
Ich bin der German Kaiser,
Der Emperor Well I am.

You know I whipped dem Belgians,
Unt mit bullets filled Russia full,
Unt I'll whip rance unt Italy,
Unt plov up Johnny Bull.

For all dem odder Nations,
I wouldn't giff a Damm,
If you'll chust be mein pardner,
Unt I'll whip dot Unkel Sam.

You know I got dem submarines,
All Europe knows dot vell,
But Edison's got a patent, now,
Dot plows dem all to Hell.

Now Gott, if you do dis for me,
Den you, I vill always luff,
Unt I'll be Emperor of de Earth.
Unt YOU be EMPEROR ABUFF.

But Gott, if you refuse me dis,
Tomorrow night, at Teffen,
I'll call mein Zeppelins all out
Unt declare Var on Heffen.

I wouldn't ask dis all from you,
But it iss plainley seen,
Venn Edison pushes dot button,
I got no submarines.

A GOOD FRIEND

A good friend stands by you when in need. Clearfield people tell how Doan's Kidney Pills have stood the test. Mrs. Condon endorsed Doan's over four years ago and again confirms the story. Could you ask for more convincing testimony?

Mrs. M. M. Condon, 206 Meind St., Clearfield, says: "I had a very lame back and suffered for a long time from distressing backaches. It hurt me awfully to stoop or lift and I couldn't rest at night. My kidneys bothered me greatly also. Doan's Kidney Pills relieved the lameness in my back and regulated the action of my kidneys." (Statement given on June 28, 1912.)

No Trouble Since

On December 7, 1915, Mrs. Condon said: "I have had no kidney trouble at all lately and feel confident that Doan's Kidney Pills have cured me." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the best. Mrs. Condon has it.

Endurance—the Supreme Tire Quality

United States Tires have proved that they have that supreme quality,

- that miles are packed into their structure the way endurance is packed into steel.
- A vast number of the motoring public know that by experience,
- and they have answered in the only way that the buying public can answer,
- by giving United States Tires tremendous sales increases,
- sales increases that are vastly greater than even the sensational increase in the number of automobiles this year over last.

IN MEMORY OF MERVIL STRAW

Whereas, it has been the will of the Divine Creator to withdraw from our midst, by death, our esteemed and beloved brother Mervil L. Straw, we the associated members of Kemmerer Grange No. 1146, wish to express our respect, and esteem for him, therefore be it

Resolved, That we humbly reconcile ourselves to the infinite wisdom of the

Divine Creator.

Resolved, That this Grange extend its heart-felt sympathy to the bereaved family, and commend them to the source of comfort that is everlasting. Resolved, That the death of our brother has taken a member whose influence for righteousness and progressiveness was inestimable. Resolved, That we forget not that the good example of our Christian brother has not perished, but is still a power for good among us.

Resolved, That as a token of respect to the bereaved family, The Pennsylvania Grange No. 1146, The Clearfield Public Spirit and The Clearfield Progress of thirty days.

Resolved, That a copy of these resolutions be entered upon the minutes of this Grange; that a copy be sent to the bereaved family.

CURWENSVILLE

Mrs. Joseph P. Robinson celebrated her seventy-fifth birthday last Monday by entertaining in her home at six o'clock dinner her neighbors Charles A. Rorabaugh and wife, also Miss Carrie Dyer it being also her birthday. During the evening many friends called to bid Mrs. Robinson godspeed at the beginning of her seventy-sixth annual journey.

Mrs. Frank Snook was up from Clearfield yesterday.

Mrs. Ben Moore gave a surprise party for her daughter Verna on Monday night, the occasion being her 9th birthday.

Mrs. Melinda Whitaker was taken to the Clearfield hospital for treatment.

Mrs. Rachael Evans, of Scranton, is visiting her sons, Thomas Evans, of Patton addition, Albert of Irvin Hill and daughter Mrs. Blake Bloom, of near the Pee Wee's Nest.

Mr. and Mrs. Scott McFadden were entertained at dinner at the home of Mr. and Mrs. George Rafferty in Grampian Monday evening. The occasion being Mr. and Mrs. McFadden's thirty-fifth wedding anniversary.

The tramp arrested on Monday was taken to the county jail where he will likely have the pleasure of working out his "taxes."

The Curwensville High baseball team was handed a drubbing on Saturday when they ran up against the team of the Clarion State Normal. The game was played at the Normal grounds at Clarion before a large crowd of enthusiastic students. The weather was cold and wholly unfit for good baseball.

Curwensville started in the first inning to make things sing by making three clean hits. Clean fielding by Clarion prevented scoring. C. H. S. scored the first run of the game in the second. For the first few innings Curwensville played brilliantly, making dazzling stops, throws and catches. Robinson's catch back of second brought everybody to their feet cheering.

In the latter part of the game both teams played erratic ball. Eleven errors were made by both sides. Humphries was wild and cut loose with several wild pitches while the basemen had difficulty in locating each other. This was perhaps the worst fielding game played by the team in the last two years. The playing in general can be excused because, owing to the bad weather, the team has had but three practices in the last two weeks.

Maxwell Owners Wrote This Advertisement

200,000 enthusiastic Maxwell owners in the world. The extracts from letters printed below are typical of what they all say:

Repair Expense 5c

Eight thousand miles—22 1/2 miles to the gallon—one set of tires. Repair expense, 5c. I am satisfied.—L. Fells, 6208 University Ave., Chicago, Ill.

All Kinds of Power

My car has all kinds of power. We have up to 45 per cent. grades around here and it is seldom I have even to shift gears. I have had no trouble and no expense other than for gas and oil.—A. D. Christianson, Hendricks, Minn.

11,780 Mountain Miles

My Maxwell has gone 11,780 miles wherever the track of any car has been around these mountains. I got 9,000 miles on my tires and about 22 miles to the gallon. No trouble or repairs whatever.—F. C. Headley, Colorado Springs, Colo.

Climbs Any Hill

I run about 22 miles to the gallon. My car never fails to start, has never been in a garage for repairs, and has never failed to climb any hill. I can't say too much for the Maxwell.—H. W. Lacey, Hurley, New Mexico.

15,200 Miles—No Repairs

Have driven my Maxwell car 15,200 miles—average 26 1/2 miles to the gallon. Have not had any repair expense. My car is the best on the market at the price.—Oscar L. Yoder, Chickasha, Okla.

These extracts are but a very few of many thousands of letters from Maxwell owners.

What the Maxwell has done for these motorists, it will do for you—because the Maxwell is built right—of only the best materials, on sound, sane, time-tried lines of construction.

THAW WILL BE TAKEN TO KIRKBRIDES

Philadelphia, Penna., May 16.—The notorious Harry K. Thaw, slayer of Stanford White will be removed from St. Mary's hospital where he has been recuperating from self-inflicted razor wounds to the Pennsylvania hospital for the insane in West Philadelphia. President Judge Martin signed the order in Common Pleas Court this afternoon after counsel for Mrs. Thaw, Harry's mother, filed a petition asking that he be removed there. They probably intend the remainder of the days in the institution, leaving Thaw as the Kirkbrides, Governor Penna. having refused to extradite him to New York for trial on charges of slaying Frederick Gump, Jr.

"THE REVOLT"

Special at The Globe Today

There is always a battle raging between the real and false in us—that part which keeps us contented in moderate surroundings and fills us with love for all creation, and that other part which eternally labors toward the destruction of good in us. But one day comes the crisis, and that we call "The Revolt."

Those who have to do with the big problems of life and those who are familiar with the battle between sexes know that the revolt will come to all; and when it does, though the baser side sometimes conquers, the world is better for the revolution.

This fact was proven in the life of Anna Biddle, the wonderful little character made famous by Helen Ware in this most successful Broadway production.

"The Revolt" is a big story, and unlike the usual run of plays. It has a punch in every scene, excellent photography and splendid night effects that are extraordinary in the photo drama.

O'BRIEN MAKES HIT IN ESSAY LEADS

Eugene O'Brien, who plays opposite Edna Mayo in "The Chaperon," is the same leading man as in "The Return of Eve," another Essay success. Mr. O'Brien is best known for his big parts on the stage, although his recent entrance into pictures has proven him to be a favorite among photoplay patrons.

He scored a hit in his last stage production, "The Ohio Lady," in which he was the star. "The Chaperon" is a fast running comedy-drama in five acts, taken from Maxine Elliot's stage hit.

AMERICA—1917

God of all worlds, to Thee,
Spirit of Unity,
To Thee we pray.
Grant us the vision clear,
Save us from hate and fear,
Help us Thy word to hear;
Thine be "The Day!"

Peace and on earth good will!
In this quest may we still
Face martyrdom,
If we must die to save,
Thus the reward we crave
Victory beyond the grave;
Thy Kingdom Come!

Let us go forth to fight,
Our faces toward the light,
Our flag unfurled.

Not for ourselves alone,
Not to save State or throne,
But to give Thee Thine own;
God save The World!

These new words for the anthem "America" have been published by the Committee of Public Safety. While it is not of course intended to displace the well known words of "My Country 'Tis of Thee," it is thought that this 1917 version, expressing the crusading spirit of the present war, may be used by church gatherings and patriotic meetings generally. For such use the Committee's Philadelphia headquarters will supply the verses printed on cards beneath the Red Cross flag and the Stars and Stripes in colors.

Poland Waiting For She Knows Not What

Caught Between Two Foes She Can But Hope For Best

By Lowell Mellett

(United Press Staff Correspondent)

London, April 20.—(By Mail)—The ancient kingdom of Poland just now presents the attentive attitude of the mouse that waits to see which way the cat will jump.

It might be possible to express the situation in a more pleasant way, but the expression is that of Dr. Leon Litwinski, spokesman for the Poles in London. Poland, first caught in the mangle of the Russian advance and German retreat and then in the mangle of the German advance and Russian retreat, probably has suffered as greatly as any country of Europe, not including Belgium or Serbia. A million and a half of her sons have been enrolled as belligerents, 900,000 in the Russian armies and 600,000 in the German and Austrian armies.

But Poland's position in present Weltolitik is that of desperate neutrality. Both Germany and Russia have promised her much. Poland wants to cash one of those promises. Of the two, Russia offers the more—a complete independence. But there is this drawback, Dr. Litwinski explained. Russia is promising independence to territory occupied by German troops.

And there is more or less of a string attached to Germany's proposal, which is a completely reunited Poland with its own local government, under the wing of the German Empire, somewhat like Bavaria. The string is the unrelenting emphasis on the suggestion that Poland raise an army of her own against Russia.

"A reunited Poland would be a great betterment of our before-the-war situation," said Dr. Litwinski, "but what we want of course, is both a reunited and an independent country. We have been immensely encouraged by the proclamation of the new Russian government, though previous Russian assurances, naturally, did not impress us very much."

"Do you consider that President Wilson's mention of Poland in his discussion of possible peace terms has had effect?"

"Oh colossal!" exclaimed Dr. Litwinski. "Colossal!" echoed Dr. George de Schweichowski. "Colossal, colossal!" repeated the other Poles in the room.

"It was this war," said Dr. Schweichowski. "There's been a lot of generalizing about the small nations and there's been some mention of Belgium and Serbia, but beyond that nobody has ever gone. The case of Poland has been handled very gingerly. There has been the fear, perhaps, that it might be necessary to do a lot of compromising when it came to settle Poland's case. President Wilson left no room for doubt, so far as he was concerned; he declared it should be a reunited, autonomous, independent Poland! Now we know where we've got one real friend."

"Suppose it becomes an independent Poland, will it be a republic or a monarchy?"

"That is now uncertain. Hitherto the Poles have had in mind a new Kingdom of Poland. But monarchies seem to be going out."

"If our independence comes through Russia, where the democratic ideal has taken a real hold undoubtedly the disposition would be to make Poland a republic. If through Germany, a limited monarchy would seem most likely—unless there is a decided change in Germany in the

DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, and if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxin from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphate hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water

We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood while the bowel pores do.

Curwensville band will furnish the music. A chorus of twenty girls will sing patriotic songs during the afternoon.

Scout Service Hats

Made of khaki in the regular shape with red, white and blue band—the same as the soldiers wear.

Ask Dad to get you one.
